Subject: Enhance Student Learning with Jigsaw Edu Solutions at Your School!

Respected Sir/Ma'am,

Greetings of the day!

At **Jigsaw Edu Solutions Pvt. Ltd.**, we are committed to enhancing student learning and development through our specialized educational programs. We are an ISO 9001:2015 certified organization, promoted by professionals from renowned institutions like I.I.T., MCA's, and C.A.'s. Our goal is to provide innovative and complete educational solutions, directly within your school premises.

We are proud to introduce our scientifically structured programs designed to improve students' mathematical skills, cognitive development, and academic performance:

- **Jigsaw Kinder Abacus** (for Classes 1st & 2nd)
- **Jigsaw Abacus Wizkid** (for Classes 3rd to 5th)
- **Vedic Math** (for Classes 6th to 9th)
- **Super Genius Program** (for Classes 6th to 10th)

These programs are aimed at improving students' concentration, memory, problem-solving skills, and exam readiness. Through engaging, fun learning methods, we aim to build a strong foundation in math and cognitive abilities, ensuring that children not only excel academically but develop a positive relationship with mathematics.

Our Courses Include:

🎯 For Class 1st & 2nd – Jigsaw Kinder Abacus:

This foundational course is designed to improve memory, concentration, and problem-solving abilities through interactive and hands-on learning.

🎯 For Class 3rd to 5th – Jigsaw Abacus Wizkid:

An advanced abacus course that enhances mental math proficiency, speed, and accuracy, empowering students to master essential math skills.

🎯 For Class 6th to 9th – Vedic Math:

Improvement in your child's calculation power. A deeper understanding of concepts. Mining of some incredulous mathematical fundamentals. Improved performance at school. Enhancement in the confidence level of your child. Efficiency in nerve holding tendencies.

🎯 For Class 6th to 10th – Super Genius Programme:

A comprehensive program aimed at competitive exam preparation, strengthening mathematical concepts, and developing problem-solving strategies to ensure students excel in academic challenges and competitive exams.

Why Choose This Course?

- o Aligned with NEP and CUET requirements.
- o Builds a strong foundation for future competitive exams.
- o Enhances critical thinking and problem-solving skills.
- o Engaging and interactive teaching methodology.

Why Partner with Jigsaw Edu Solutions?

- ✓ **Professional Trainers:** Our expert instructors deliver engaging and effective lessons directly on your school premises.
- ✓ **Focus on Cognitive Development:** Programs designed to enhance concentration, critical thinking, and cognitive abilities.
- ✓ **Academic and Exam Readiness:** Tailored to support academic growth and prepare students for future competitive exams.
- ✓ **Proven Success:** We have a track record of improving student outcomes and boosting confidence in mathematics.

We are confident that our programs will bring substantial benefits to your students and school, helping them excel in their academic journey. We look forward to discussing the opportunity of working together.

For any further clarification, please feel free to contact us at any time.

ANNEXURE - I

Financial Terms and Services

Abacus Classes for Grades: 1st to 5th

Vedic Math for Grades: 6th to 9th

Super Genius Programme for Grades: 6th to 10th

• For 0 to 100 students – ₹ 1,800 per student
• For 101 to 300 students – ₹ 1,600 per student
• For 301 to 500 students – ₹ 1,400 per student
• For 501 to 700 students – ₹ 1,200 per student
• For 701 to 1000 students – ₹ 1,000 per student
• For above 1000 students – ₹ 850 per student

Highlights:

- We will take an assessment test at the completion of each and every stage.
- We will not charge any additional fees for these tests.
- Completion certificate will be given at the end of the year.
- Periodic PTMs will be conducted by JIGSAW Teachers.
- Quarterly audits will be conducted by JIGSAW Team to ensure the teaching quality.
- Complementary workshops for Calligraphy, Designer Fonts will be provided if interested.
- National Level Competition is organized every year. Students get a platform to participate at additional exam fee.

PAYMENT TERMS:

- Full payment is required in advance.
- Kindly submit the Work Order along with the Token amount at the earliest to proceed further.
- All payment to be made in advance at the time of delivery of Kits only. No partial payment is acceptable.

*** We recommend course implementation on compulsory basis only.**

ANNEXURE II

About JIGSAW

- **Name:** JIGSAW Edu Solutions Pvt Ltd
- **Establishment Year:** 2006.
- A globally accepted organization promoted by group of educational professionals from **IIT, FCA, MCA's.**
- Ample experience in teaching and training.
- A complete educational solution company.
- Constant R&D is going on by professors who are working on this project and towards improvement and better understanding of this ancient art.

Products:

- Jigsaw Abacus Wizkid
- Jigsaw Kinder Abacus
- Ganit Gyan – a Vedic math's Course
- Jigsaw English
- Super Genius Programme
- Cursive Writing/Calligraphy/Designer Fonts
- Membrane
- Jigsaw After School Club

We are successfully running these courses for different age groups all over the country and abroad. We are present in every state of India. In this digital era, we are taking classes for the students all over the globe.

We only believe in best quality and better services.

Jigsaw Edu Solutions Pvt Ltd –

Real education for the real world *where learning is fun!!!*

Its time for a bold new step for your child's future. Join today for a better tomorrow.

ANNEXURE III

Brief about Jigsaw Abacus Wizkid

Functions of Brain

Science has proved that brain, which is divided into two parts left and right hemispheres, is **utilized only 2-3 % during lifetime**. There was a scientist called Einstein who utilized only 7% of his brain and gave us more than 1000 inventions.

Left brain is concerned with Analytical information whereas right brain with creativity and imagination. **Almost 97-98% people use their Left Brain** as the left brain controls our right hand and right brain controls the left hand. There are two modes of thinking, verbal and non-verbal, represented rather separately in left and right hemispheres respectively and that our education system, as well as science in general, tends to neglect the non-verbal form of intellect. What it comes down to is that creativity is lost with growing years and hence the ability to memorize is also weakened. Brain capability is greatly large as experts have been often recording with corroborating experiments. But the utility is far from the possible reality.

About Jigsaw Abacus Wizkid Programme

- Jigsaw Abacus Wizkid program is scientifically structured program to learn the ancient art of mental math's through the use of ABACUS.
- This program develops **overall brain** i.e. both the right and left brain.
- There is no limit to the potentials of the human brain if it is exercised properly in the early stages of life and Jigsaw is meant for exercising the brain.
- Ancient tool Abacus is used to effectively teach the students mental arithmetic.
- Arithmetic is extremely important for building up a solid academic foundation for a child which is efficiently taught to the students by Jigsaw Abacus Wizkid program.
- Jigsaw aims to develop human intellect, concentration, imagination, memory, capability, judgment and application of concepts in the young mind.
- A popular concept followed in China, Indonesia, Malaysia, and Australia and now in India.
- This program is suitable for the **grade: 1st to 5th** and is excellent for overall brain development.

Jigsaw Abacus Wizkid

Energises:

- ✓ Imaginative Power
- ✓ Listening Ability
- ✓ Visualizing power
- ✓ Memory (Retention & Recall)
- ✓ Creativity

Increases:

- ✓ Concentration
- ✓ Confidence
- ✓ Speed & Accuracy
- ✓ Intelligence Quotient (IQ)
- ✓ Self-reliance

Jigsaw 'Magic Brain' Tool helps

- 🧠 Your child to be a wizard in all mental arithmetic calculations including complex addition, subtraction, multiplication, division and square roots.
- 🧠 Your child to develop with unique arithmetical thinking and analyzing skills. With these lifelong skills, your child will be free of the tyranny of memorizing tables and of being a slave to electronic calculators and computers.
- 🧠 To uncap your child's hidden potentials.
- 🧠 To build up your child's 3C's - Creativity, Confidence and Concentration.
- 🧠 No fear of Mathematics forever.
- 🧠 Your child will be usefully occupied at a fun-filled, but gainful hobby class.

Jigsaw program Enhances

- | | |
|-----------------------|-------------------|
| 🧠 Photographic Memory | 🧠 Presentation |
| 🧠 Concentration | 🧠 Imagination |
| 🧠 Creativity | 🧠 Self-Reliance |
| 🧠 Speed & Accuracy | 🧠 Self-Confidence |
| 🧠 Listening Skills | |
| 🧠 Comprehension | |

WE WILL HELP STUDENTS TO GROW IN A RIGHT DIRECTION.

ANNEXURE IV

Brief about Vedic Maths

What is Vedic Maths?

India has been a land of knowledge specially in Maths. The Sanskrit word Veda is derived from the root Vid, meaning to know without limit. The word Veda covers all Veda-sakhas known to humanity.

The Veda is a repository of all knowledge, fathomless, ever revealing as it is delved deeper. Swami Bharati Krishna Tirtha (1884-1960), former Jagadguru Sankaracharya of Puri culled a set of 16 Sutras (aphorisms) and 13 Sub - Sutras (corollaries) from the Atharva Veda. He developed methods and techniques for amplifying the principles contained in the aphorisms and their corollaries, and called it Vedic Mathematics.

- The Sutras apply to and cover almost every branch of Mathematics.
- They apply even to complex problems involving a large number of mathematical operations.
- Application of the Sutras saves a lot of time and effort in solving the problems, compared to the formal methods presently in vogue.
- Though the solutions appear like magic, the application of the Sutras is perfectly logical and rational.
- The computation made on the computers follows, in a way, the principles underlying the Sutras.

ABOUT GANIT GYAN

- Ganit Gyan is based on VEDIC MATHS.
- This course is specially designed for today's generation.
- Increases speed and accuracy.
- Key point of the program is to make calculations interesting and very easy.
- Sharpens your mind, increases mental agility and intelligence.
- Increases visualization and concentration power.
- Become a mental calculator yourself.

ANNEXURE V

Brief about Super Genius Programme

Program Overview:

The **Super Genius program** is designed for students in **Class 6th to 10th**, focusing on **competitive exam preparation**, strengthening **mathematical concepts**, and enhancing **problem-solving strategies**. It equips students with the skills needed to excel in academic challenges and future exams.

Key Features:

- **Target Students:** Classes 6th to 10th
- **Focus:** Competitive exam preparation, math concepts, problem-solving, and exam strategies
- **Methodology:** Interactive lessons, mock tests, time management, and personalized feedback
- **Frequency:** Classes twice a week with assessments every six months
- **Outcome:** Improved confidence, speed, accuracy, and exam readiness

Why Choose This Course?

- Aligned with NEP and CUET requirements.
- Builds a strong foundation for future competitive exams.
- Enhances critical thinking and problem-solving skills.
- Engaging and interactive teaching methodology.

Benefits:

- Strengthens mathematical foundation and exam strategies
- Improves speed and accuracy in solving problems
- Builds confidence and reduces exam anxiety.

CIRCULAR

Subject- Use of Abacus & Vedic Maths techniques in teaching learning of Mathematics in Govt. Schools of DoE.

Calculations and number games are inseparable aspects of our daily life. Solving issues using standard mathematical processes can be difficult and time-consuming at times. For school children to conquer math, two alternative ancient approaches are available to accomplish huge and complicated calculations in their heads using one of these techniques without the use of any current technology.

The first technique is Abacus. Abacus math is a technique adapted from an ancient technology that makes mathematical calculation simple and fun well today. The usage of an abacus can boost one's confidence, give them a sense of accomplishment, increase intuitive thinking, increase problem-solving skills, encourage creativity, and improve focus and mental stamina.

The second technique is Vedic Mathematics. It is a set of techniques/sutras for quickly and easily solving mathematical problems. It is made up of 16 Sutras which are known as formulae and 13 Sub-Sutras that are sub-formulas, that can be applied to a variety of issues in arithmetic, algebra, geometry, calculus, and conics. These formulae reflect how the mind functions in its natural state and are thus beneficial in guiding the student to the most appropriate technique of solution.

The Directorate of Education has decided that these techniques should be used in teaching & learning of Mathematics in govt. schools of DoE. The teacher fraternity of DoE is full of leaping talents & many of them will have the potential to use the above mentioned techniques. Such teachers can be the Master Trainers & their services can be utilized for imparting training to other teachers teaching Maths from primary to Sr. Secondary level to use these techniques in classroom teaching learning of mathematics.

All teachers working in govt. school of DoE having proficiency in Abacus technique or Vedic Maths techniques are invited to join hands to be the master trainers. All interested teachers can submit their details using the google link <https://forms.gle/uQ2PzYhf2iLQawRX6> on or before 17/03/2023.

The Head of the Schools are directed to circulate this information among all the teachers of their respective schools.

To whom it may concern

We started Abacus education and Vedic maths classes. The response of our students is very good. This method is very easy and students take interest in it. There is a lot of improvement in maths. Last year we have started optionally but this year we are making it compulsory for all students.

To
Jigsaw Abacus Wizkid

Abacus classes had started in school from 1st April 2022. And continued till now. Very good response of students in calculations due to Abacus classes. Very Nice and hardworking Abacus teacher who make the calculations so easy for students.

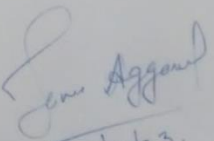

Thanks.
